

SECTION 3.

SEASONAL BOATS

- 3.01** Seasonal vessels leaving the Marina overnight should log the trip with the Marina Attendant on forms available in the Marina office. The slip shall be available to rent to transient boaters if a seasonal vessel is out of the marina for more than 24 hours.
- 3.02** The City of Marquette reserves the right to board your vessel in cases of emergency due to sinking, fire, and other conditions that would cause damage to City property or environmental damage. City Marina Staff will only board your vessel after attempts to reach you, the owner, by conventional means have been unsuccessful. By signing the slip rental agreement you agree to hold the City of Marquette harmless for incidental damage caused to your vessel in such an emergency.
- 3.03** Personal property shall be stored in a dock box or on the boat. In the interest of safety, no unattended items may be stored on docks or finger piers.
- 3.04** All vessels must fit within the limits of their assigned slip. No part of the vessel (to include anchor, bow pulpit, bow sprit, outboard motor, fishing gear, swim platform, tender, etc.) may extend beyond the end of the finger pier or the inner end of the main dock utility pylon. (See Addendum)
- 3.05** Boats currently over size for their slips will be allowed to remain in their slips as long as their length does not exceed six inches (6) beyond that allowed in rule 3.04 and can continue to do so as long they occupy their current slip. Boats at the Cinder Pond Marina in slip 32 on Pier 2 and slip 47 on Pier 3 shall be allowed to overhang the outer end of the slip by not more than 18 inches. Both of these slips are at the inner end of their respective piers and not subject to general boating traffic. Vessels using the transient slips at the end of Pier 1 and the end of Pier 3 shall be allowed to overhang as directed by the Marina Management.
- 3.06** Slip holders are permitted to moor one “tender” (dingy or jet ski) in their slip providing there is adequate space for it. In situations of doubt, the Marina Manager will decide if adequate space exists. Slip holders shall provide a copy of tender registration and proof of insurance. Tender shall be registered and insured under slip holder’s name prior to mooring tender.

 4. Boaters will be sent information to pay their fee before each season by the given date. If information and payment is received on time, the persons will remain on the list. If payment is not received by said date, his/her name will be removed from the list completely and the boater must reapply paperwork and a payment to get back on the list by the date of re-submission. (See Attached Example)

called by a representative of the City in order to fill slip openings. Waiting list persons that refuse a slip will be removed from the list and must resubmit the paperwork and \$25. If removed from the list for any reason, persons will be placed at the bottom of the list based upon the date of the re-submission paperwork.

6. Waiting list persons who accept an available slip will receive a \$25 deduction from the year's seasonal rate.

3.08 Seasonal Slip Assignment Procedures and Policies

1. The process of assigning slips normally begins when the Parks and Recreation Department mails the application packet to previous year slip holders. (See Attached Example)
2. Recipients of the application packet desiring to apply for a slip at any City marina must return the packet material as stipulated to the Parks and Recreation Department with applicable payment within the deadline period. There are no exceptions.
3. The Director, Parks and Recreation may assign a slip to the applicant based on the applicant meeting the published guidance of the marina. Unless there are extenuating circumstances as determined by the Director, the applicant may assume he will receive a slip and it will be the same slip occupied the previous year.
4. The Marina Manager will act for the Director Parks and Recreation when so designated.
5. Failure to return the packet material to the Parks and Recreation Department within the established deadline will result in the slip occupied by the previous year renter declared vacant and open for reassignment.
6. If a slip occupant makes modifications to his boat such that it no longer fits within his slip as defined by marina rules the boater must relocate to an appropriate slip either within a City marina or elsewhere. Oversize boats cannot remain in undersize slips.
 - a. Typical modifications include:
 - i. adding a swim platform
 - ii. extending a bow pulpit with or without anchor
 - iii. adding a dingy stern mount
 - iv. fishing downriggers extending beyond the stern and into the fairway.
 - v. "kicker" outboard engines extending into the fairway.
7. Slip openings during the boating season. In the event that a seasonal slip holder does not intend to use their slip assignment for any portion of the boating season, or if the slip is declared vacant for failure to use or pay the dockage fee, slip holders within the marina will be given first priority to shift into it. This is for within same slip size moves only.
 - a. Presque Isle and Cinder Pond are treated as two separate marinas and "free" movement between them is prohibited under this procedure. A slip holder from one marina must be on the waiting list for the other marina and is given no special priority
 - b. Slip Holders wishing to relinquish their slip for any portion of the boating season must notify the marina manager in writing of their intention. Such notification must include verification that the slip holder mooring fee has been paid. There

- ii. The clock starts from the time the message is left on the machine.
 - iii. If the applicant does not respond within five business days, the Marina Manager moves to the next contact.
 - iv. The Marina Manager will keep a written record of all attempts to contact, refusal or acceptance of slip, including date and time of contact, etc.
- f. Once contacted by the Marina Manager the applicant must make an immediate decision to either accept the offered slip or reject it
 - i. “I’ll get back to you” or “let me think about it” are not acceptable answers.
 - g. Applicants rejecting a slip or unable to be contacted will be removed from the waiting list. To be restored to the list will require completing a new application and paying the applicable list fee.
 - h. Applicants accepting the offered slip have five business days to provide payment to the Parks and Recreation Department.
 - i. In the event the waiting list is exhausted without any applicant accepting a slip, the slip remains vacant and the slip is available to the first applicant.
10. Copies of waiting lists for all marinas by slip sizes will be posted at all marinas consistent with privacy protection procedures.
11. The Director, Parks and Recreation Department is the final authority for this procedure and the Marina Manager his delegated representative.

Once equal partnership and ownership is verified, the original slip renter has 7 days to update the annual slip rental agreement to include all partnership name(s) and demographics.
- b. Failure to verify equal ownership and/ or failure to update annual rental agreement may result in original slip owner to vacate the slip within 15 days from the verification request date and the seasonal rental may be forfeited.
- c. When it is verified that the original owner of the vessel has less than an equal interest in the vessel, the vessel must vacate the slip within 4 days and will be viewed and assessed as a transient vessel.
