RE: Traffic control changes

On Thursday, 12/06/2018, the traffic signal at McClellan Avenue and West Ridge Street will be operational. The signal is set to be activated during the morning hours and advanced warning signage will be in place to alert motorists of this change. The signal at that location will direct the flow of traffic for all north, south, east, and west bound vehicles. This traffic control change is a result of the City-wide traffic study conducted by DLZ.

Thank you,
