Engineering Department / 228-0440

TRAFFIC DISRUPTIONS – SANITARY SEWER CLEAN AND TELEVISIONING

Beginning the week of July 1, various areas in the City of Marquette will experience traffic and sidewalk disruptions due to the City's annual sidewalk repair and replacement program. Arrow Constructions will be performing the work at various locations throughout the City of Marquette.

For those residents being directly affected with sidewalk replacements fronting their homes the contractor will provide you with information on the process.

The public is advised to use caution when traveling through these areas and be aware of all traffic control. Work is scheduled to last five weeks.
