

PUBLIC SERVICE ANNOUNCEMENT

For Immediate Release
June 16, 2022

For More Information:
City of Marquette Department of Municipal Utilities / Mark O'Neill 225-4054

SOUTH BEACH IS CLOSED TO SWIMMING

During routine testing, elevated levels of bacteria, specifically E. coli, have been detected at South Beach swimming area in Marquette, MI. The beach is closed to swimming until further notice.

The City of Marquette is collecting water samples daily and will reopen the beach to swimming when State water quality standards are met.

All other beaches remain open. Signs have been posted at South Beach to alert the public.
