Regarding Sign Overhanging City of Marquette Right Of Way

1. Definitions:

Awning Sign: A Projecting Sign displayed on or attached flat against the surface or surfaces of an awning. See also: "Projecting Sign." Only the sign or copy area displayed on an awning shall be used to determine the permitted sign area-the entire awning shall not be included in a Sign Area calculation.

Blade Sign: A Projecting Sign, which is suspended from an overhang, canopy, marquee, or awning, or is suspended from a mounting attached directly to the building wall, and hangs perpendicular to the building wall.

Canopy Sign: A permanent Projecting Sign affixed to the side or bottom surface(s) of an attached or freestanding canopy. Such signs may be internally illuminated pursuant to the requirements of this Article.

Marquee Sign: See "Projecting Sign."

Projecting Sign: A sign which is attached directly to the building wall, and which extends more than fifteen (15) inches from the face of the wall. A "Projecting Sign" is differentiated from a "Wall Sign" based on the distance the sign projects from the surface of the building. See also: "Awning Sign," "Blade Sign," "Canopy Sign," and "Marquee Sign."
