### **Sec. 12-27. License required.**

No person shall engage or be engaged in the operation, conduct or carrying on of any trade, profession, business or privilege for which any license is required by any provision of either this Code or of state law without first obtaining a license from the city in the manner provided for in this article. An application for license shall be reviewed as follows:

- (1) The city police chief or designee shall investigate the applicant as necessary to satisfy himself that there are no outstanding criminal charges against the applicant and that the business to be conducted is not intended to cheat or defraud the public. Upon making such determination to his satisfaction, he shall indicate his approval in writing. A license shall not be issued unless such approval has been obtained. In all cases where the certification of the chief of police is required prior to the issuance of any license, such certification shall be based upon a finding that the person making application for such license has the propensity on the part of the person to serve the public in the licensed area in a fair, honest, and open manner.
- (2) The city treasurer or designee shall determine if the applicant owes to the city any taxes or other default, and if no such default exists, shall so indicate his findings in writing. A license shall not be issued where default is reported.
- (3) The city planner or zoning official shall determine if the property and structure to be used is appropriately zoned for such business and shall indicate his approval in writing. A license shall not be issued without such approval.

- (5) The fire chief or designee shall make a determination as to the habitability and safety of the structure and property to be used for such business, and shall verify the safety and legality of all fireworks sales. Such approval shall be indicated in writing. A license may not be issued without such approval. In all cases where the certification of the fire chief is required prior to the issuance of any license, such certification shall be based upon an actual inspection and a finding that the premises in which the

The granting of a license or permit to any person operating, conducting or carrying on any trade, profession, business or privilege which contains within itself, or is composed of, trades, professions, businesses or privileges which are required by this Code to be licensed, shall not relieve the person to whom such license or permit is granted from the necessity of securing individual licenses or permits for each such trade, profession, business or privilege.

(Ord. No. 665, § 3, 5-14-2018)

### **Sec. 12-29. State-licensed businesses.**

In lieu of a bond, an applicant for a license or permit may furnish one or more policies of insurance in the same amounts and providing the same protection as called for in any such bond; any such policies of insurance shall be approved as to substance by the city official issuing said license or permit and as to form by the city attorney.
